SOLOMON ESHETU

SOFTWARE ENGINEER

My name is Solomon Eshetu, and I graduated from Dilla University in 2024 with a BSc in Computer Science. I love programming and am proficient in several programming languages, including Java, JavaScript, PHP, and C#. I have experience working with frameworks such as ASP.NET and ReactJS. I have completed many projects using these tools and hold various certificates in addition to my BSc.

SKILLS

- Java
- ASP.NET
- ReactJs
- JavaScript
- Html ,CSS

EDUCATION

BSc in Computer Science
Dilla University 2020 - 2024

CERTEFICATE

- Web Development

From Super Goal Computer and language training School

- Android Developer Fundamentals

From Udacity

EXPERIENCE

INTERNSHIP EXPERIENCE: ETHIOPIAN AIRLINES - RAPID APPLICATION DEVELOPMENT TEAM

FROM JUNE 28 TO AUGUST 28, 2023

During my internship at Ethiopian Airlines, I completed an independent rapid application development project with the support of the experienced Rapid Application Development team. I utilized ASP.NET for backend development and ReactJS for frontend development over a two-month period. This project enhanced my skills in ASP.NET and ReactJS, improved my problem-solving abilities, and equipped me for complex projects in a professional setting. It has been a significant milestone in my software development career, solidifying my passion for the field.
